

## **IARR Geographical Diversity Research Grants**

The International Association for Relationship Research is pleased to announce its Geographical Diversity Research Grants. These small research grants aim to promote geographical diversity in relationship research in general and the IARR in particular. We offer up to two grants (1,000 USD each) to relationship scholars who are residing in countries that are underrepresented in the IARR's current membership base (you may check eligible countries [here](#).)

We welcome research proposals from scholars across all career stages (graduate student or post-PhD) and disciplines (e.g., communication, psychology, sociology).

Please send your application to the Chair of the Internationalization Committee, [Silvia Donato](#), by June 15<sup>th</sup> 2023. For further information on how to prepare the application, please see the Submission Guide on the [IARR website](#).
